

70-90HP Series Crawler Tractor Specifications and Quotation List

Crawler tractor C902-2 is a primary product of 70-90HP crawler tractors. This type of tractor is based on C902 caterpillar tractor; however, it is more suitable for bulldozing operations due to its adoption of (4F+2R) sliding gear transmission. Quality built and economically priced, our crawler tractor is widely used for irrigation, pond renovation, small town construction and so on.

Features:

Our crawler tractor adopts LR6B5-22 diesel engine, which is fuel efficient and delivers large torque.

The distributor of the hydraulic system is 2-valve distributor, and the joystick is in the middle position for convenient and low-effort operation.
